

PROJECT 680

finding practical ways to support local homeless students

Fall Event

neighborhoody

PHOTO CONTEST

The Rancho Cordova Post is hosting images for our photo contest, which will go from September 10 to October 25, 2010. Each person can submit up to six photos during the contest. You must include "Project 680 Hoody Drive" or "project680.org" somewhere in the photo. When you take a photo (or groups of photos), email them to info@project680.org and we'll get them online for you. Maybe you could make a sign, hold a piece of paper, write on your skin, or get a tattoo (uh, hopefully not). Be creative and show your support for P680. There are six photo categories, which include: neighborhood, kids, pets, creative, work and wackiest photo. The "kids" category is really designed for kids to actually take the photo too!!!

HOODY DRIVE

The Folsom Cordova Unified School District Liaison for Homeless Services has informed Project 680 of a big need for hooded sweatshirts (otherwise known as "hoodies") for the homeless students in the FCUSD. Therefore, Project 680 will be holding a hoody drive from September 27-October 27, 2010. Kids like zipper front hoodies (see photo), so that is what we will be collecting. We are asking for new zip-front hoodies in any color or size for kids in grades K-12. Hoodies can be in solid colors or can have graphics, as long as the graphics are school appropriate.

Come to our community celebration on October 27, 2010 from 4:30-7:00pm at Rancho Cordova City Hall at 2729 Prospect Park Drive Rancho Cordova CA 95670. Drop off your hoodies, meet some fellow Project 680 supporters, eat some cake, drink some coffee, and celebrate!!! It's a remarkable thing when a community decides to take care of local kids like this!!!

NOTE: Checks can be made payable to "Cordova Community Council" with "Project 680" in the memo section for anyone wanting to make a tax-

Advocating for local homeless students does not require a degree in rocket science, but only a willing heart to love in simple ways. Project 680 sincerely belongs to all of us.
